## ABOUT THE INSTITUTION

Mahatma Education Society is proof of a vision linked irrevocably to national goals. The society believes in providing uncompromised quality education. The vision and dedication of the Late Chairman, Shri. M. P. Pillai coupled with the global outlook, tenacious struggle and undaunted spirit of the Chairman & CEO, Dr. K. M. Vasudevan Pillai and the exuberant, incessant strive for excellence of the Secretary, Dr. Daphne Pillai have now expanded the Mahatma Education Society to a vast educational complex over 48 educational institutions from K.G. to P.G. courses.

Pillai HOC College of Education & Research, managed by Mahatma Education Society was established in the year 2010 with the main objective of moulding teachers with noble and elevating qualities. The institution is affiliated to the University of Mumbai. The institution is an agent for dissemination of knowledge and culture and epitome of hopes and aspirations. The secret behind the success of the institution is our ability to identify parameters that influence the self-esteem of the learner inside and outside the classroom situation.

## ABOUT THE THEME OF THE SEMINAR

A knowledge society can be built only when quality education is ensured to each member of the society. 21<sup>st</sup> Century is emerging as a knowledge society where knowledge acts as an upholder, carrier, inventor and creator which will shape the future global society positively.

Open Educational Resources (OER) are teaching-learning materials, available freely for everyone to use which provides a strategic opportunity to improve the quality of education as well as facilitates policy dialogue, knowledge sharing and capacity building.

At Sustainable Developmental Summit, the UN adopted the 2030 Agenda for Sustainable Development which ensures inclusive & equitable quality education and promotes lifelong learning opportunities for all so that inequity should not be a hindrance in developing a knowledgeable society. The society will transform when self-transformation takes place. In 21st century we ourselves have to adopt and make the best use of various educational resources to transform- self and the relationship between school systems and society.

This seminar focuses on various aspects of building knowledge society in 21st century through the means of Open Educational Resources, Inclusive & Equitable Education and Transforming Self and Society.

## OBJECTIVES

- ♦ To understand contributions of various educational resources in building knowledge society in 21st century.
- ♦ To explore various ideas to improve Equity and Inclusiveness in Education.
- ♦ To identify the ways in which use of various educational resources will help in transforming self and society.

## THEME

**Building Knowledge Societies In 21<sup>st</sup> Century**  
**Sub-themes:**

- ♦ Open Educational Resources(OERs)
- ♦ Inclusive and equitable education
- ♦ Transforming self and society in 21<sup>st</sup> century

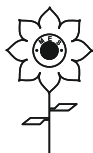

## CALL FOR PAPERS

- ♦ Research papers on the sub-themes are invited from teachers of various disciplines and also from students of (B.Ed. & M.Ed.)
- ♦ Conceptual papers
